

Topic: RFP 20241030 – Cybersecurity Maturity Model Certification (CMMC) program

The purpose of this RFP is to solicit proposals from experienced service providers that can offer secure enclave services and comprehensive Compliance as a Service (CaaS) solutions tailored to meet CMMC compliance. HJF is looking for a strategic partner that will help HJF to achieve and maintain compliance through the creation of a secure environment, compliant documentation, policy and procedure development and continuous monitoring.

The chosen vendor must possess a deep understanding of CMMC requirements, including handling CUI, and have experience working with organizations such as HJF.

If you are interested in receiving a Request for Proposal (RFP) or have questions, please contact Jason Smith (jsmith@hjf.org) and Cheryl Zimmerman (czimmerman@hjf.org).
